

NOME COGNOME

INDIRIZZO e MAIL

To the commission of the Erasmus+ Project

**Object: Letter of presentation**

My name is NOME and I am a student of the Master (OPPURE Bachelor: Master è Biennio, Bachelor è Triennio)  
Academic course of ???STRUMENTO/CANTO at the Conservatorio "Alessandro Scarlatti" in Palermo.

I decided to participate to this project because I want to test myself and show my potential, I strongly believe that finding myself in a new environment will encourage me to improve myself and be productive. I am a fairly motivated person as concern achieving personal goals and studying in this school would allow me to develop and improve my skills and to refine those already acquired.

I think the Erasmus+ Project is a unique opportunity for me because it could have a positive influence on my future career as a bassoon player, and at the same time coming into contact with another culture and meeting musicians from all over the world will enrich me on a personal level.

I would be very happy to improve my skills in a school with such an excellent reputation and I hope that you will give me this opportunity.

Yours sincerely,

FIRMA
